TPD Notification(Cuboid Kit)

6、PRODUCT DESIGN

Field #	Field	Description	Reporting Mandatory (M) or Optional / mandatory fields (F)	To be filled by
	E-Cigarette_Description	The 'CUBOID' Kit(the internal code is JK017) consists of a battery tube and control unit and a removable, refillable e-liquid 'eGo ONE Mega V2' atomizer. The power and control unit consists of a zinc alloy housing, a battery cover and a PCB with LED screen to provide a user interface. The 'eGo ONE Mega V2' atomizer consists of a base which accepts the atomizer and provides a connection between the power/control unit and the e-liquid contained within the tank. The upper section of the tank contains the e-liquid which is sealed between itself and the base, as well as supporting a mouthpiece. 1 x CL 0.5ohm and 1x CL 1.0ohm atomizer heads and Ti 0.4ohm (the internal code is JC018),Ni0.2 (the internal code is JC019), RBA atomizer head are supplied. The CUBOID is powered by two interchangeable 18650 batteries.	M	Joyetech
